

# Creative Credit Mission

Name \_\_\_\_\_

Class \_\_\_\_\_

Date \_\_\_\_\_

You are in a rock band with some friends from school. Last week, you posted online a “sneak peek” of your new song for your fans. Today at school, everyone is talking about a new video that has gone viral online. Your friend texts, “*U gotta see this!*”

You click on the link to the video, and you can’t believe your eyes. Some teens you’ve never met before are singing your song in a music video! They took your ideas without giving your band any credit.

**Directions:** Now your band wants to write a song about people who copy ideas from others without giving proper credit. Write the new lyrics to your song below. Be sure to include at least four of these words:

credit  
create  
copy

share  
trust  
borrow

free  
plagiarize  
rights

steal  
annoying  
inspire

thanks  
take

---

---

---

---

---

---

---

Add a rhythm and a beat to your lyrics and perform it for others.
